IMPROVED RIDE QUALITY

DESIGNED FOR CLASS 3-5 MEDIUM DUTY TRUCKS

- The LTSS (Light Truck Suspension Seat) is compact enough to fit into Fuso Canter FE COE (Cab Over Engine) trucks that historically could not accommodate a traditional suspension seat (Excluding narrow cab)
- Ergonomic and supportive seat upper reduces vibration and increases user comfort
- The LTSS system has been proven to reduce vibration to the occupant compared to the conventional static seat
- The suspension system can be adjusted to the weight of the driver
- Durable materials are easy to keep clean and designed to last in tough environments

LESS VIBRATION, REDUCED FATIGUE

The low-profile LTSS by Bostrom Seating now enables drivers of Fuso Canter FE COE trucks (excluding narrow cab) the benefits of a seat suspension. The patented LTSS design helps prevent back injuries caused from harmful vibration, resulting in a safer and smoother ride. Our new seat upper is ergonomically designed to improve comfort and is available with an optional pneumatic air lumbar support and right-hand comfort armrest.
