

# ★ ISUZU N-SERIES SUSPENSION SEAT

*Bostrom*®

## IMPROVED RIDE QUALITY

**DESIGNED FOR CLASS 3-5 MEDIUM DUTY TRUCKS**

- The LTSS (Light Truck Suspension Seat) is compact enough to fit into N-Series trucks that historically could not accommodate a suspension seat
- Ergonomic and supportive seat upper reduces vibration and increases user comfort
- The LTSS system has been proven to reduce vibration to the occupant compared to the conventional static seat
- The suspension system can be adjusted to the weight of the driver
- Durable materials are easy to keep clean and designed to last in tough environments

**COMPACT SUSPENSION  
LOCATED BEHIND THE SEAT**

## LESS VIBRATION, REDUCED FATIGUE

The low-profile LTSS suspension seat by Bostrom Seating now enables drivers of Isuzu N-Series and GMC/Chevy COE trucks the benefits of seat suspension. The patented LTSS design helps prevent back injuries caused from harmful vibration, resulting in a safer and smoother ride. Our new seat upper is ergonomically designed to improve comfort and is available with an optional pneumatic air lumbar support and right-hand comfort armrest.
